

2026 TOOLBOX TALKS Calendar

Plan ahead for a safer jobsite in 2026. Each month we will release a couple short 2 to 5-minute videos, giving you quick, impactful safety topics you can share with your team anytime.

March

- Ladder Inspections

April

- Alert Today. Alive Tomorrow.
- Locate Before You Excavate

May

- PPE: Your Fashion Statement Against Injuries
- Beat the Heat, Hydrate and Survive

June

- Trench Smarts: Know Before You Go
- Stay Aware: If It Moves, It Can Hit You

July

- Jobsite: Protection from Violence
- Up, Down, and Danger Free

August

- Stay Alert: Spot the Hazard Before it Spots You
- What's My Why? Making Safety Personal

September

- Reducing the Stigma, Listening, and Recognizing Warning Signs
- Construction Suicide Prevention Resources

October

- Evacuation Safety: Do You Have a Plan?
- Fire Safety: When to Walk Away

November

- Recognizing Hypothermia and Frostbite
- Winter Slip, Trip, and Falls

December

- Driving Safely in the Winter
- Winter Heat, Do It Right
